Benefits of AccessMail

No more trips to the Post Office! You have access to 1st and 2nd class as well as Recorded, International and Special Delivery through your Frama AccessMail. All without leaving the office.

So you can choose added security for valuable items or guarantee quicker delivery with Special Delivery, according to your needs.

Easy to obtain! A Frama AccessMail is an economic franking machine, thanks to low priced consumables and excellent reliability.

Save money! Royal Mail savings on every letter, large letter and parcel when you frank rather than stamp your mail.

Free advertising! Make your business *BIGGER* through additional exposure to your brand. Add your company logo and you can create the right impression with every letter that you send.

Pillar Box Posting! You will have the convenient option of posting your franked mail through a standard Royal Mail pillar box. Simply place post in Frama's meter posting envelopes.

If your business is new to franking, AccessMail is a great way to get started. Simple pricing and specification make AccessMail an uncomplicated package, which will help save your business money on all your mailing costs.
