

It goes in flat. It comes out folded
– exactly the way you want.
Up to 1,200 times an hour.

Frama Folder P150: fast and practical

To fold 1,200 mailers manually, neatly and cleanly, takes somewhere between two and three hours of boring, mindless work. The compact Frama Folder P150 does it perfectly in just one hour.

It handles A4 format. And takes most weights of stationery on both glossy and bond paper stocks.

All precisely folded, every copy facing the rightway, ready to slip into the window envelope at once. The Frama Folder P150 frees up staff for other things and accelerates the whole mailing process.

Another aspect of Frama's commitment to affordable smart mailing for businesses of every size – and another very effective way to rationalise mailing procedures, meet your deadlines and control your costs.

- 20 - 25 sheets per minute
- Combined 3 sheet folding
- A4 size
- PiP compliant
- Desktop compact unit
